

We are pleased to announce the prize winning posters for the 15th Annual CENS Celebration of Undergraduate Research and Design Day.

## Natural Sciences

### First Place

**Phylogenetic Analysis of Anthrax Using a Novel, Cost-Effective Genotyping Method:**

M. Matthews, J. Allred, J. Beaudry, J.M. Schupp, A.Vogler, P. Keim, & D.M. Wagner. Biological Sciences.

### Second Place

**Preliminary Study of the Whiskered Screech Owl: Anthropogenic Impacts and Behavioral Trends:**

Bonnie Woods. Environmental Sciences and Education.

### Third Place

**Geographic Distribution of Major Types of Yersinia pestis in Madagascar:**

Roxanne Nera, Judy Lee, Amy Vogler, Paul Keim, & David M. Wagner. Biological Sciences.

## Engineering

### First Place (Tie)

**Cosnino Road Improvement and Realignment Project:**

Jeremy Neuman, Eri Vokshi, Dan Oliver. Civil Engineering. Engineering Capstone.

**McConnell Drive Pedestrian Bridge:**

Scott Meredith, Lauren Boyle, Chris Steele, Sandrina Lester, Collin Pennington. Civil Engineering. Engineering Capstone.

### Third Place

**Hardware Accelerator Test Bench for Error-Correcting Algorithms:**

Mike Thomson. Electrical Engineering.

### Phi Kappa Phi Award:

**Hardware Accelerator Test Bench for Error-Correcting Algorithms:** Mike Thomson. Electrical Engineering.
