### Thatcher Hoffman Smith Creativity in Motion Prize

This prize recognizes, honors, and encourages an individual's creative process as it unfolds. It is open to all fields and will be given to an individual whose creative project is already underway. The focus of the award is on the process itself, not a completed project. For more information and to apply, visit <http://cim.ou.edu>.

### Recognize an Outstanding Woman Leader Today

The J. Cordell Breed Award for Women Leaders is designed to recognize a woman active in the mobility industry who has achieved the best balance of life by outstanding performance of significant contributions in two or more certain areas. The award was established by the SAE Women Engineers Committee to recognize the role of women in the mobility industry by the contributions they make both professionally and personally. Recipients receive a \$2,000 stipend along with an engraved award. For more information, visit <http://www.sae.org/news/awards/list/wec/>.
